Get informed, get engaged, and make your voice heard.

The Chamber
For a Greater Chapel Hill-Carrboro

**Successful businesses
create successful
communities, and
we are passionate
about both.**

At The Chamber, we know that you want a successful business in a thriving community.

In order to achieve that, you need access to the right people, information, and resources to lead your company, as well as opportunities to meaningfully contribute to community growth, progress, and positive change.

The problem is that leading a business is demanding. It's not easy to find and keep the right people, navigate local regulations, attract customers, and adapt to an uncertain and changing economic environment. And, with a full plate, addressing big community challenges can feel out of reach, too time consuming, or that your voice will not be heard.

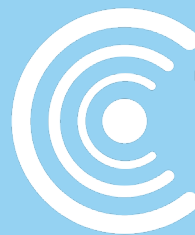

We believe no business leader should have to face these challenges alone. That's why, for more than 80 years, we've helped people just like you be more successful by providing access to the networks, knowledge, and resources you need to thrive.

Our Chamber is home to one of the most diverse, collaborative, and growing community of business leaders in the region. We invite you to be part of it.

Aaron Nelson
President and CEO
The Chamber

In 2024, The Chamber launched a five-year campaign designed to fulfill our vision of being a resilient, globally-recognized community with the talent, infrastructure, and investment needed to drive the success of local employers and support world-class education, public amenities, and thriving downtowns. The Campaign for a Greater Chapel Hill-Carrboro focuses on three initiatives to advance our region.

The Campaign

For a Greater Chapel Hill-Carrboro

Our Member Promise

- 1** **Connect** you to the people, information, and resources your business needs to succeed.
- 2** **Advocate** for the business interest of our community.
- 3** **Drive Progress and Build Community** through successful community convening, education, and engagement strategies.

Chamber Vision:

Greater Chapel Hill-Carrboro a resilient, globally recognized community with the talent, infrastructure, and investment that drives the success of local employers and supports world-class education, public amenities, and thriving downtowns.

Chamber Mission:

To serve and advance local business interests and build a resilient community where business thrives.

Invest in Workforce Development

THE CHALLENGE: Our community boasts one of the nation's highest percentages of adults with advanced degrees and one of the lowest unemployment rates, but the current talent pipeline is broken. Local employers often struggle to find qualified workers, and many residents need better training and access to compelling career pathways.

THE GOAL: Create an employer-led talent pipeline that aligns education and training opportunities with high-demand jobs, increasing the social mobility of all residents, while also meeting the workforce needs of employers.

Accelerate Small Business Growth and Improve Business Retention and Startup Support

THE CHALLENGE: Entrepreneurs must overcome a series of hurdles to launch and scale their enterprises locally. To make it easier to start and grow a business, we need to better organize the innovation and business support ecosystems.

THE GOAL: Establish a more cohesive system that improves business growth and retention, and focuses efforts on starting and growing Black, Latinx, and refugee owned enterprises.

Increase Housing Supply and Affordability

THE CHALLENGE: Rent for a two-bedroom has increased 29% since 2019, and 52% of Orange County renters are burdened by their housing costs. Orange County has 10,500 more jobs than housing units. We need solutions to dramatically increase housing supply and affordability.

THE GOAL: Add 600 housing units each year to keep up with existing demand, and prioritize housing affordability by adding 1,500 units of permanently affordable housing.

2025 Signature Events + Programs
